

# Dock Bumpers

## 8' Bumpers **R V S C F**

To protect your boat and all around your dock area. Extra rugged design withstands heavy impact. Our 8' bumpers are built to last. They will not crack, rot or deteriorate when exposed to temperature extremes. A UV inhibitor prevents yellowing and discoloring from sunlight. The rub rails are also unaffected by oil, gas or salt water.

## 2" x 2" Angle Bumper **R V S C F**

## 36" Adjustable Side Bumpers

Durable plastic bumper mounted on a 2" x 2" aluminum tube (largest in the industry) with your choice of aluminum mounting hardware. This setup is completely adjustable.

**Post Bumper R V S C F**

Designed to slide over dock pipe and wrap around support stand bracket to protect boat from rubbing on dock. Post bumpers are made of marine grade vinyl with UV and anti-fungal protection. Includes air valve for added protection.

- Blue ■ part# D1BUB
- White ■ part# D1BUW

**Corner & Straight Bumper R V S C F**

Our corner and straight bumpers are made to protect your water vehicles from the most unforgiving part of the dock. The sculpted sides and nose provide an attractive finish with plenty of surface for easy mounting. These bumpers are made from marine PVC and are designed to be both soft and strong. Provides great cushioning under impact and will always return to its original form. Includes UV inhibitors. *(Also available in black.)*

- 18" straight bumper ■ part# D1BUS
- 20" corner bumper ■ part# D1BUC

**Plastic Frame Bumper R F**

Made from durable polyethylene with UV inhibitors to provide long lasting durability that will not scratch or mark boat surfaces. Molded-in recessed mounting holes make the frame bumper easy to mount to docks and sea walls.

- White ■ part# D1BUFR
- Black ■ part# D1BUFRB

**Foam Post Bumper**

Bumper slides over 1-1/2" OD pipe and also serves as replacement foam for centering guides.

- part# D1BUF

**Bumper Screws R V S C F**

Use to securely fasten bumpers to the dock frame with a large .455" head.

- Bag of 50 (self tapping) ■ part# D1BUSC

**36" Round Edge Guard R V S C F**

These bumpers are molded from a stiffer formulation to handle larger watercraft than our smaller dock bumpers. There are three recessed mounting holes molded into this bumper for easy installation. They are rotationally molded for long lasting quality. Bumpers are made with marine grade PVC with UV and anti-fungal protection, will not fade, tear or become waterlogged. Install using up to a 3/8" inch lag or bolt with a nut and washers.
